Death Valley: Battles for the Shenandoah, Errata

1862

Counters.

27 VA (1/1/AV), 23 VA (3/1/AV), and 37 VA (3/1/AV) should be armed with Muskets rather than Rifles.

1 MD a and b and 1 RI cavalry units are extra counters. 1 MD a and b were on the OB for 1st Winchester. They joined the Union rear guard about five miles north of Winchester during the Union retreat after 1st Winchester. They were not included in the scenario, but were never deleted from the counter mix. Similarly, 1 RI was part of Shields' division and was included in an early hypothetical Port Republic scenario where Shields shows up with his remaining two brigades in time to influence the battle. When the scenario was cut, the Union infantry was deleted from the counter mix, but not the 1 RI cavalry.

1864

Counters.

For the Optional Confederate Cavalry Deployment scenario at New Market, the 24 VA a and b dismounted cavalry should be 23 VA a and b.

Battle Book.

Page 21, Union Setup for Sheridan’s Attack: Penrose should be Campbell [R].

Page 25, Union Reinforcements for the Full Battle: Penrose should be Campbell [R].

Addendum: replacement counter images for the counters listed above.
