ST JOAN OF ARC CHURCH & SCHOOL COMPLEX

MACV COMPOUND

This Map covers Hue City Missions 2 through 7 with the staging area on the far right. When playing the campaign the player choses the top 2 rows or the bottom 2 rows and remains in those rows for the subsequent missions with the columns numbered 1 to 8 from left to right for the objectives. For play, however, the player flips the map on its right edge becoming the bottom edge closest to the player which orients the play map to all other Fields of Fire Missions and the PC and Enemy actions are based on that orientation
